Buyers Instructions:

Must be HP Original Product - Refurb OK

By processing this Purchase Order you, the Seller, are representing that you have taken measures in accordance with industry standards to assure that all goods are genuine and do not infringe on any intellectual property right, including, without limitation to, patent, trademark, or copyright. You also understand that we in turn will subject the product received by us pursuant to the terms of the purchase order to our own licensed authentication process (Verification Systems Technology), which aims to detect and identify counterfeit, modified, and stolen IT products. You further understand that in the event the subject IT products fail the VST testing process we will proceed in accordance with the UNEDA and ASCDI Anti-Counterfeit Policies which includes, among other things, quarantine of suspected IT products, the filing of an Ethics Complaint with UNEDA and ASCDI and notification of state and federal authorities.
